

REVIEW APPOINTMENTS

Any patient who suffers from a chronic illness should expect to receive a letter inviting them for a review appointment.

Asthma

COPD

Chronic Heart Disease

Dementia

Diabetes (twice per year)

Heart Failure

Stroke

Hypertension (twice per year)

Epilepsy

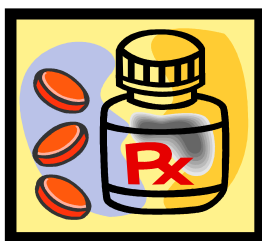

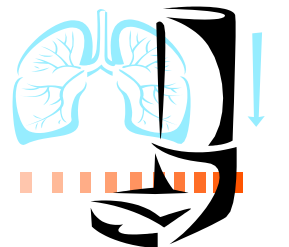

Thyroid

Mental Health

Chronic Kidney Disease

Arterial Fibrillation

This list is not exhausted

We **have** to invite a patient **three** times for a review. This means we have to send up to three letters if the patient does not respond to the first letter.

Can we please ask that you respond to the first reminder letter received.
